Critical Information Summary

Business Grade SIP Trunking Solutions

Information About The Service

Aatrox Communication's SIP Trunks are business grade services delivered to your premise over existing high speed broadband internet services.

Our SIP Trunks connect with SIP compatible IP PBX systems and provide voice services to connect with PSTN and Mobile networks.

Existing broadband services must be capable of handling SIP traffic with a minimum of 150/150 Kbps per concurrent call (Channel).

Aatrox Communication's offers SIP Trunks in any capacity starting from a single channel.
